DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claim 1 is rejected under 35 U.S.C. 102(b) as being anticipated by Clabburn (WO 99/36830). Clabburn discloses a method of producing a transmissive screen (pg. 1, ln. 1-5; **FIG. 4**) having a structure including light-absorption-material patterns formed at locations corresponding to locations of lens members (pg. 2, ln. 5-7; pg. 10, ln. 15-17; **FIG. 4**, ref. **14**), which are provided side by side on a light-transmissive substrate (pg. 6, ln. 28-29; **FIG. 4**, ref. **10**, and to locations of boundary portions between the corresponding lens members (pg. 12, ln. 5; **FIG. 4**, ref. **15**), the method comprising the step of forming the lens members or precursors thereof by causing very small drops of lens composition to be discharged and to land near a light-transmission area on a surface of the light-transmissive substrate (pg. 13, ln. 7-28). Claim 1 is therefor anticipated by Clabburn.

3. This is a continuation of applicant's earlier Application No. 10/069,756. All claims are drawn to the same invention claimed in the earlier application and could have been finally rejected on the grounds and art of record in the next Office action if they had been entered in the earlier application. Accordingly, **THIS ACTION IS MADE FINAL** even though it is a first action in this case. See MPEP § 706.07(b). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

4. A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within

ART UNIT: 2873

TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no, however, event will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to David N. Spector whose telephone number is (703) 305-1521.
